- The Membrasec or Membrascreen needs to be dry.

**Work method**

- Cut the tape to the desired length.
- Remove the film from the adhesive side.
- Apply tape to the seams and press firmly.

**Technical characteristics**

Thickness	1 mm
Width	75 mm and 150 mm
Processing temperature	between +5°C and +40°C
Sd value	962 m

**Colors**

Black

**Quantity to use**

1 lm per linear meter (allow for some reserve)

**Packaging**

thickness 75 mm: rolls of 15 m

thickness 150 mm: rolls of 15 m

**Safety information – Transport – Handling and storage - Waste**

Consult the most recent and product-related safety information sheet from Rewah in compliance with the (EU) 453/2010 annex II/A guidelines. The information on the abovementioned safety information sheet has been drawn up with the greatest care and is based on the knowledge available at the date of issue. We accept no liability for damage or hindrance of any kind which could be caused by the use of the product concerned.

**Transport and storage**

Transport and store away from frost. Protect the product and its packaging against direct sunlight. Avoid storage at temperatures >30°C.

**Storage life**

1 year after manufacturing in the original closed packaging.

**Considerations**

The data included in this sheet, the application advices and other recommendations are based on extensive research and experience. They are however not binding also in relation to third party liability. They do not protect the customer against checking the products and directions for their suitability for the purpose. The characteristics and properties described are average values and analyses registered at 20°C, variances are tolerated. Our customer service will gladly answer your questions. The rewrite of this sheet replaces all previous sheets.
